

Legal / IP Attachment Index

Last updated: 2026-05-28

This is an attachment tracker, not legal advice. Update statuses as counsel replaces founder-prepared materials.

Attachment	Status	Access	Diligence note
California LLC entity record	Available internally / controlled	Controlled legal	Refresh before serious diligence.
Founder IP assignment template	Available as template; counsel review pending	Counsel-controlled	Do not claim final assignment chain is complete.
Provisional patent filing receipt	Available / controlled	NDA or counsel-controlled	Prefer investor-safe patent summary for broad follow-up.
Provisional patent cover sheet or filing confirmation	Available / controlled	NDA or counsel-controlled	Does not prove patentability, breadth, or freedom-to-operate.
Patent conversion calendar	Pending	Counsel-controlled	Track conversion deadline and owner.
Cap table draft	Pending counsel/CFO	Controlled legal/finance	Do not circulate as final cap table.
SAFE template	Pending counsel	Counsel-controlled	Do not quote finalized cap, discount, pro-rata, or side-letter terms.
Contractor/advisor IP assignment agreements	None / pending / available as applicable	Counsel-controlled	Verify before close.
Counsel engagement status	Pending / controlled note	Controlled legal	Update once counsel is retained for close.

Investor-Safe Legal Language

Current entity and IP records exist, but final close documents require counsel review. Delaware C-Corp structure, final cap table, final IP assignment chain, SAFE terms, side letters, and prior-obligation review remain close gates.
