

ATOMiK - Team Overview

ATOMiK | State-Aware Compute Architecture | Pre-Seed | May 2026

Current meeting representation: Keaton Savoie is the listed Aggie Angel Network representative. Allison Rossi, CMO, and Matthew H. Rockwell, Founder & CEO, are representing ATOMiK for the Friday meeting.

Core Team / Friday Meeting Roles

Name	Role	Friday focus	Notes
Matthew H. Rockwell	Founder & CEO	Architecture, live proof, product direction, financing, and technical diligence.	Owns the deck walk-through, proof posture, financial model, ask, and technical Q&A. Email: matthew.h.rockwell@gmail.com.
Allison Rossi	CMO	Messaging, positioning, buyer translation, commercialization, and AAN feedback capture.	Not expected to present the technical deck. Highest-value role is translating the customer pain and facilitating design-partner/investor-feedback asks.

Planned First Hires Post-Close

Role	Focus
Senior Hardware Engineer	ASIC-capable; RTL optimization, place-and-route, customer workload harness.
Customer Engineer / Solutions	Technical evaluation lead; customer workload proof execution and customer artifact packaging.
Fractional CFO	SAFE terms, investor reporting, financial model, board prep, close mechanics.

Advisory Board In Progress

Target advisors: semiconductor IP expert, ASIC/tape-out mentor, enterprise sales advisor with hardware/IP background, and customer/design-partner connectors for edge, embedded, industrial, robotics, remote systems, and defense-adjacent markets.

No advisors are formally signed as of May 2026. Advisor and counsel status should not be represented as closed until documentation exists.

Key-Person Risk Mitigation

- Senior hardware engineer planned post-close to support RTL optimization, customer workload harnesses, and ASIC-readiness work.
- Customer / solutions engineer planned to execute workload proof, baseline mapping, and customer evaluation artifacts.
- Fractional CFO needed for SAFE terms, investor reporting, financial model, and close mechanics.
- IP counsel needed for patent conversion, assignment chain, prior-obligation review, and financing documents.
- ASIC mentor or advisor needed before feasibility decisions and any future tape-out path.
- CMO/commercial support now active through Allison Rossi for customer language, positioning, and meeting follow-up.

Gaps Before Raise Close

- Fractional CFO for SAFE terms and financial model review.
- IP counsel for patent conversion and SAFE review.
- ASIC feasibility mentor funded in pre-seed.
- Design-partner introductions and customer workload access.
